Eugene Edge Leaves for Eastern Markets.

Eugene Edge (on the corner), proprietor of the popular dry goods store by the same name in this city, will leave this afternoon for New York and Chicago, the great wholesale centers, to make his purchases of fall stock. Mr. Edge, being thoroughly acquainted with the needs of the people of Brazos county, having spent a number of years in the dry goods business in our city, is fully alive to the importance of going to market himself and giving his personal attention to the selection of his goods, and by paying cash, he is enabled to secure the greatest values in the latest styles, at the lowest possible figure, and is thereby enabled to give his customers, at all times, the lowest prices on the latest styles and best grades of goods. These facts combined with his courteous employees and their ever readiness to do all in their power to please, have built for him an enviable reputation and created and held for him the popular trade he now enjoys.

Back From Market.
Mr. Dudley White, manager of the furniture department of the E. F. Parks store, returned last night from a purchasing trip through the principal furniture markets in the vicinity of Chicago, where he went to make a personal selection of a large and varied stock of furniture for this popular store.

While away he visited factories in St. Louis, Evansville, Ind., Chicago, Sheboygan, Wis., and Grand Rapids, Mich. He not only reports a profitable buying trip but said he had a most pleasant time.

LARGE CROWDS AT FARMERS CONGRESS

Indications Are That the Crowd This Year Will Be a Record Breaker.

College Station, Tex., July 27.—The Bryan Eagle, Bryan, Texas.

Gentlemen: The indications at present are that the attendance at the Texas Farmers' Congress during its 15th session next week will be the largest in its history. Reports show that probably 1,000 delegates will attend the State Farmers' Institute meeting which convenes the day before the Congress. Most of these men will remain over for the Farmers' Congress sessions, and the attendance at the Congress will probably be much larger than usual.

The College is prepared to take care of 1,500 people, besides those who come just for the day. We anticipate fully this many, or more, and will appreciate any effort the people of Bryan make to help take care of this large assemblage of the farmers of Texas.

Yours very truly,
C. M. EVANS,
J. O. MORGAN,
J. W. RIDGWAY,
Committee.

A BAND FOR BRYAN.

Effort Being Made to Secure a Thirty-two Piece Band for This City.

J. J. Krenke, who is conducting the band for Bryan now has sixteen pieces, and if the people of Bryan will get together and secure a suitable meeting place where they may practice, and also lend their aid to the band, a thirty-two piece organization may be obtained. There is some fine material in this city, and Mr. Krenke is willing to spend his time in instructing and organizing, until such a time as it may be deemed desirable to secure another band leader.

Bryan stands in the front ranks in all other things, and there is no reason why we should not have the best band of any town of our size, and this is the opportunity. There are a number of musicians who are willing and ready to enter into the work, and if a suitable hall can be secured, the band would in a short time work itself up to where it would be self-sustaining.

Mr. Krenke, with his sixteen pieces played for the dance at the B. C. hall Tuesday night and the music furnished was highly creditable.

ELECTION RETURNS TONIGHT

All Arrangements Perfected By The Eagle For Both State and County Returns.

The Eagle has completed all arrangements as far as it is possible to do so, for receiving the returns from the election tonight, both State and county.

Two long distance phones have been installed and arrangements made for the full cooperation with the Southwestern Telegraph and Telephone Company from their headquarters in Dallas. This service covers the entire state, and will handle the election returns exclusively. The Eagle will be given the same service as that furnished the large dailies of the State.

The Eagle has also arranged for the returns to be phoned in from all the boxes in the county and we hope to give the complete returns from the county election during the night.

The reports will be read to the crowd as they come in, and then bulletined. A cordial invitation is extended to everybody to come down and hear the returns read as they come in.

Notice.
After having been away for several days on a business trip, I return to find there has been a little controversy carried on in The Dixie programme, and the Princess Bulletin. I wish to state that the management of The Dixie knew nothing of this and it is not our policy to do or say anything to offend anyone.

The Dixie programme was gotten up to announce the pictures in the morning and not to run down or knock any other place, and if it goes to the "waste basket," that's our misfortune, and we will continue to accept our "knocks" as "boosts," with a smile.

The good people of Bryan know what The Dixie is, after nearly two years of attendance.

We promise to continue to give the best that is made and wish to extend our thanks to each and every one in Bryan for their patronage in the past and respectfully solicit same for the future. The business end of The Dixie is important enough to take all my time, so this is final.

Yours Respectfully,
W. R. FAIRMAN, Mgr.

BRYAN GUN CLUB SHOOT.

Some Remarkably Good Scores Made Yesterday Afternoon at Delwood Park.

Quite a number gathered at Delwood Park yesterday afternoon to participate in the weekly Bryan Gun Club shoot, and some splendid scores were made, which demonstrates that Bryan has her pro rata of marksmen, and with a little more practice, many feel that they will be able to make a much better showing. G. J. Nedbalek was feeling fine and lead the score, breaking 49 out of a possible fifty. He also made 61 out of a possible 62 before quitting. He and D. L. Weddington both made a perfect score of 25 out of a possible 25. The following shows a few of the best scores made by those present, out of a possible fifty:

G. J. Nedbalek, 49; H. D. Wilson, 46; C. E. Jones, 46; D. L. Weddington, 43; W. A. Lyons, 38; A. B. Wilcox, 32; J. A. Gray, 23; A. F. Wilson, 21.

There will be a shoot held every week at Delwood Park on Friday afternoon and all are invited to attend.
